

Help Out on State Natural Areas

Sugar River Wetlands Workday

Help care for Sugar River Wetlands State Natural Area!

Spray invasive brush and reed canary grass to make way for native plants. Some people may also collect seeds from native plants to scatter in areas where brush was cleared. This work will expand the quality wetland areas and continue the efforts started by the Upper Sugar River Watershed Association and Wisconsin DNR. No skills needed you will be trained onsite.

Date: October 26

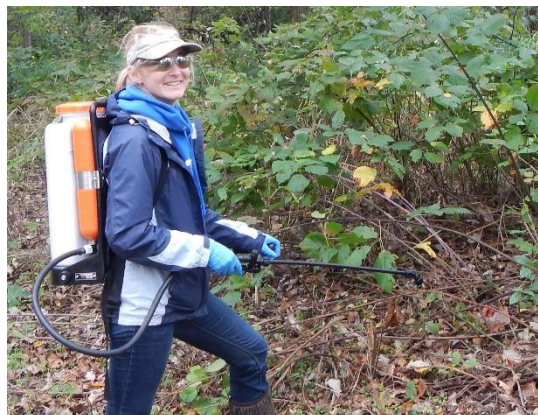

Time: 9am-noon

Directions: Volunteers and work leaders will gather where Epic Lane and County View Road meet in Verona, overlooking the Epic Systems campus to the east and the Military Ridge State Trail to the west. An approximate address is 2517 Country View Road, Verona, WI 53593. [Google map.](#)

What to wear: Clothes that are OK to get beat up, gloves, sturdy footwear, long pants, and long sleeves.

What to bring: Drinking water, a sturdy scissors (optional) may be helpful.

Contact: If possible, please RSVP for the workday in advance by contacting Wade Moder at usrwa@usrwa.org or by calling 920-850-6902.
